

GRAND AVENUE
VETERINARY CLINIC

OUR ONLINE PHARMACY SAVINGS

Grand Avenue Veterinary Clinic now has its own online pharmacy from which you can order your prescription medications, including heartworm preventative and flea and tick preventative. When you order from our store, we retain the profits (as opposed to if you order from other major online pet pharmacies). Furthermore, thanks to the availability of veterinarian rebates and discounts, our prices are often times MUCH cheaper than what you will find from other pharmacies! We are always happy to sell you prescriptions from the clinic as well, but we hope you will consider checking our pharmacy out first... we're trying to help you keep your pets healthy and help you save money!

Prices for a 60# dog	GAVC In-Clinic	GAVC Online Store gavc.myvetstoreonline.pharmacy	Chewy	1-800- PetMeds
